

## **Master Farm Services (GB) Limited: Service Engineer- UK and overseas markets**

Master Farm Services (GB) limited, located in Bures, Suffolk is one of the leading mobile Grain Drier suppliers to the UK market. Due to a continual increase in sales growth an exciting opportunity has arisen for a recently qualified Agricultural Engineering graduate to join the Service support team.

Your role will involve

- Install and commission new mobile Driers 'on site' throughout the UK with occasional visits to overseas locations.
- Provide 'on site' annual services for existing customers throughout the UK.
- Provide telephone service support.
- Be prepared to work unsociable hours and be away from home on overnight assignments from May – September.

The successful applicant will have:

- A good background knowledge of Agriculture and particularly experience of harvesting cereal crops with ideally operational experience of Grain Driers although this is not essential
- Working experience of electric motors and control boxes would be an advantage.
- Knowledge of Drier burners.
- Be able to work without supervision and make decisions within company guidelines
- Good communicator and be part of a small team.
- IT skills consistent with Microsoft office applications.
- Current UK driving license

In return we offer:

- Above average salary plus overtime in the season.
- Excellent opportunity to advance into Company management.

Please send you CV and covering letter to Mr. P.H.Baskerville. Managing Director, Master Farm Services (GB) Limited. Bures Park, Colne Road, Bures Suffolk. CO8 5DJ. or E mail
